PURPOSE

To ensure that complaints about Nelson Marlborough Institute of Technology (NMIT) are resolved as part of a continuous process to improve service.

SCOPE

The Complaints Procedure applies to complaints about NMIT services, facilities, students, programmes and staff at all locations and work areas of the institute.

NMIT reserves the right not to progress:

- Anonymous complaints or complaints based on hearsay.
- Complaints made more than 90 days after an alleged incident.
- Complaints where the complainant is not willing to provide sufficient information to achieve a resolution, or if no response is received within 90 days.

PRINCIPLES

The rights of both complainants and respondents should be protected and both parties have the right to a fair hearing.

Information relating to complaints is strictly confidential.

All complaints are to be resolved as quickly as possible.

Complaints should be resolved by negotiation between the parties directly involved wherever possible and with support, rather than advocacy, in the first instance.

Complainants and respondents need to be prepared to assist the resolution process (e.g. attend meetings and provide information requested).

Any decision required to resolve a complaint will take account of each party's information, story or evidence.

A complaint may be withdrawn at any stage.
